Nakon pokretanja dočekuje Vas tzv. Login prozor koji služi da unesete svoje korisničku ime i lozinku.

Nakon ispravnog unosa lozinke otvara se glavni ekran programa.

Program ima dvije vrste menija.

- **Običan padajući** (Radnici, Klijenti, Sudovi, Fascikle, itd....)

Ovdje su SVE forme (prozori) koji su apsolutn neophodni za rad programa i ovaj meni se ne može podešavati po želji klijenta.

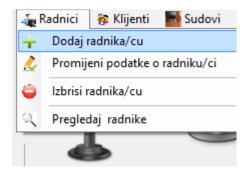

- Veliki slikoviti (Glavni ekran, Klijenti, Fascikle, itd...)

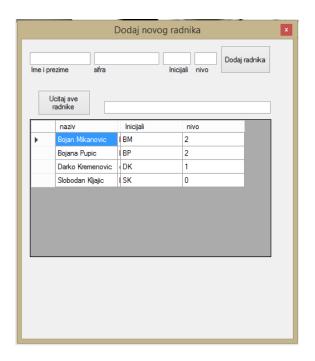

Ovdje se svaka forma podešava prema željama klijenta. Ovdje svaka forma ima osnovne opcije skupljene na jedno mjesto.

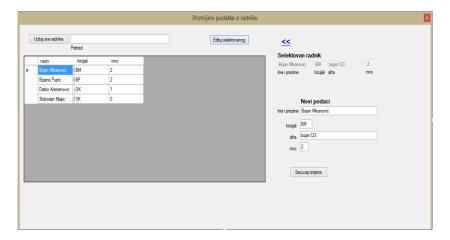

Pregledaćemo jedan po jedan meni i forme unutar njega.

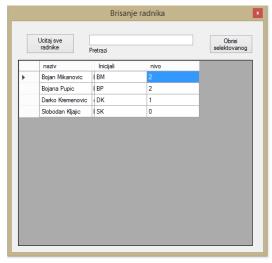

Meni Radnici

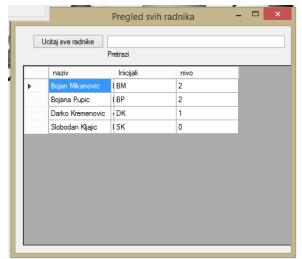

Ovdje se nalaze osnovne forme vezane za administraciju u vezi zaposlenih radnika, pripravnika, administratora, studenata. Samim klikom na bilo koju opciju nam se otvara odgovarajuća i veoma razumljiva forma sa opcijom na koju smo kliknuli.
